SILVER STREAM REGISTRY

I am speaking to you tonight as a resident, voter and taxpayer of the Town of New Windsor. I am speaking on behalf of a great majority of the other home owners, residents and taxpayers of Silver Stream Village who have signed this petition that I am presenting to you tonight. We are petitioning the Town of New Windsor to come to our aid in our time of need. We are solid citizens of this town who are sincerely committed to providing ourselves, our children and our senior citizens with a decent place to live here in the Town of New Windsor. We have been living in fear for our children's well-being due to the misrepresentations of our landlord, Lester Clark. What we are seeking is for the Board of Trustees to honor a commitment ~~made~~ ^{Jan 19??} which was made by Councilman Rossini to Robert Schenck, the former chairman of our homeowners association. Mr. Rossini said that the Board would not approve construction of a third section of Silver Stream Village until our landlord constructed the playground and recreation area promised to the homeowners. At this point, all we have been told is that Mr. Clark ordered some playground equipment, but that's it. The summer is almost over and our children are about to return to school and I can tell you, at least for myself, that my children cannot play on an alleged order. If Mr. Clark is really making a good faith effort to construct that playground, why is it that the only proof he has is that he ordered equipment -- when?? I, along with my neighbors who either signed the petition, or are here in person tonight, urge you to withdraw your preliminary approval

for the construction of a third section of Silver Stream Village until Mr. Clark fulfills his commitment to build a playground and recreation area. He has stalled the Town long enough to get through the summer without getting started on the playground or the facilities for senior citizens. How can the Town let Mr. Clark get away with his mishandling of 200 to 250 good citizens who live at Silver Stream Village when he himself is only a developer seeking to make a profit by selling homes to your constituents. Many of us who signed this petition are aware of Mr. Clark's misrepresentations and use of alleged dummy corporations to sell homes in order to escape the true intent and spirit of the promises he made to almost all of us who purchased a home from him. These homes are selling for \$30,000 to \$45,000. There are about 95 homes existing today in Silver Stream Village, with more to come in the future. Many of our senior citizens have told me that they fear a reprisal if they signed our petition, nonetheless, they feel so strongly about this issue that they signed anyway. We are a proud group of home owners who own our manufactured homes and pay rent for the site and the use of the facilities we are supposed to have. We pay this rent with the understanding that we are supposed to receive services such as garbage pickup, paved roads, street lights, cable TV, water, sewers, and recreational facilities. So far, all we have received are water, sewers, and garbage pickup, and finally street lights operating only a month ago. More important, however, we do not have the proper management of our park. At most times, there is no one here to supervise the operations of the park. Would you believe

we have already received a monthly rent increase of \$10 since moving here (for many, less than one year), with no justification for this increase -- no improvements, not even the completion of basic requirements, which date back to the spring of 1983 !!

Our independent group of home owners are made up of skilled laborers, professionals, government employees, army personnel, and generally ordinary solid citizens who serve in many volunteer organizations, such as the Fire Department, Little League, and hospital and police auxiliary groups -- just proud and happy to be a part of this community in the Town of New Windsor. We are also indirect tax payers - part of our rent goes toward town taxes, water & sewer taxes, school taxes, etc., and as solid citizens of the town, we are not seeking to strongarm Lester Clark into doing anything he hasn't already agreed to do. But, we need your help. We hope that the Board of Trustees will set aside some time to give some attention to our plight in Silver Stream Village, and for God's sake, we hope it is soon.

Again, we ask that you postpone the final approval of the third section until Mr. Clark lives up to his commitment for our recreational facility.

September 12, 1984

To The New Windsor Planning Board

New Windsor New York 12550

Dear Gentlemen:

On Monday, September 10, 1984, Mr John Petro, New Windsor Town Supervisor, visited my home to inform me of his meeting with Mr Lester Clarke. Mr Petro stated that Mr Clarke assures him that the equipment for the recreational facilities will be delivered to Silver Stream Village September 27, 1984. Mr Petro asked me where was the playground area to be? He could not find the area, but after all the area has not been cleared or graded yet! I asked Mr Petro when if ~~of course~~ the equipment was delivered would the construction begin? Mr Petro could not comment on any date. I asked when ~~was~~ the equipment ordered? Mr Petro could again not rely. I asked still another question, what type of equipment was ordered? still no reply. We ~~at~~ the undersign of the petition being submitted to the Planning Board here tonight remain strong in our conviction that Mr Clarke's final approval of the third section at The Silver Stream Village be withheld until completion of the second section which includes the recreational area.

I remain respectfully yours,

Frank J. Fazio

TOWN ENGINEER'S OFFICE

TOWN OF NEW WINDSOR

RE: Approval of Plans & specs for:
Sanitary Sewage Collection
System to serve Silver Stream
Village Mobile Home Park

Dear Sir:

Plans for the extension of sanitary sewers to and/or within the above mentioned service area have been examined and found to be consistent with the appropriate regulations of the State Department of Environmental Conservation and the Orange County Department of Health. These plans were prepared by McGahey & Hauser, P.C., and dated January 11, 1985, (Latest revision - May 30, 1985).

Approval is granted for the construction of these works subject to the following conditions:

1. THAT the facilities shall be fully constructed and completed in compliance with the engineering report, plans and specifications as approved.
2. THAT the construction of the facilities shall be under the supervision of a person or firm qualified to practice professional engineering in the State of New York under the Education Law of the State of New York.
3. THAT where such facilities are under the supervision of a professional engineer, he shall certify to the Department and to the permittee that the works have been fully completed in accordance with the approved engineering reports, plans, specifications and permit.

Sanitary Sewage Collection System
to serve Silver Stream Village
Mobile Home Park

Page 2
July 10, 1985

4. THAT the maximum infiltration rate shall not exceed 100 gpd per inch diameter of sewer per mile of sewer length including manholes.
5. THAT this approval shall be for sanitary sewers to service lots 48, 50 - 128, 130.

Plans bearing our stamp of approval have been forwarded to the design engineer for delivery to you.

Very truly yours,

M. J. Schleifer, P. E.
Assistant Commissioner

SCALE 1"=50'

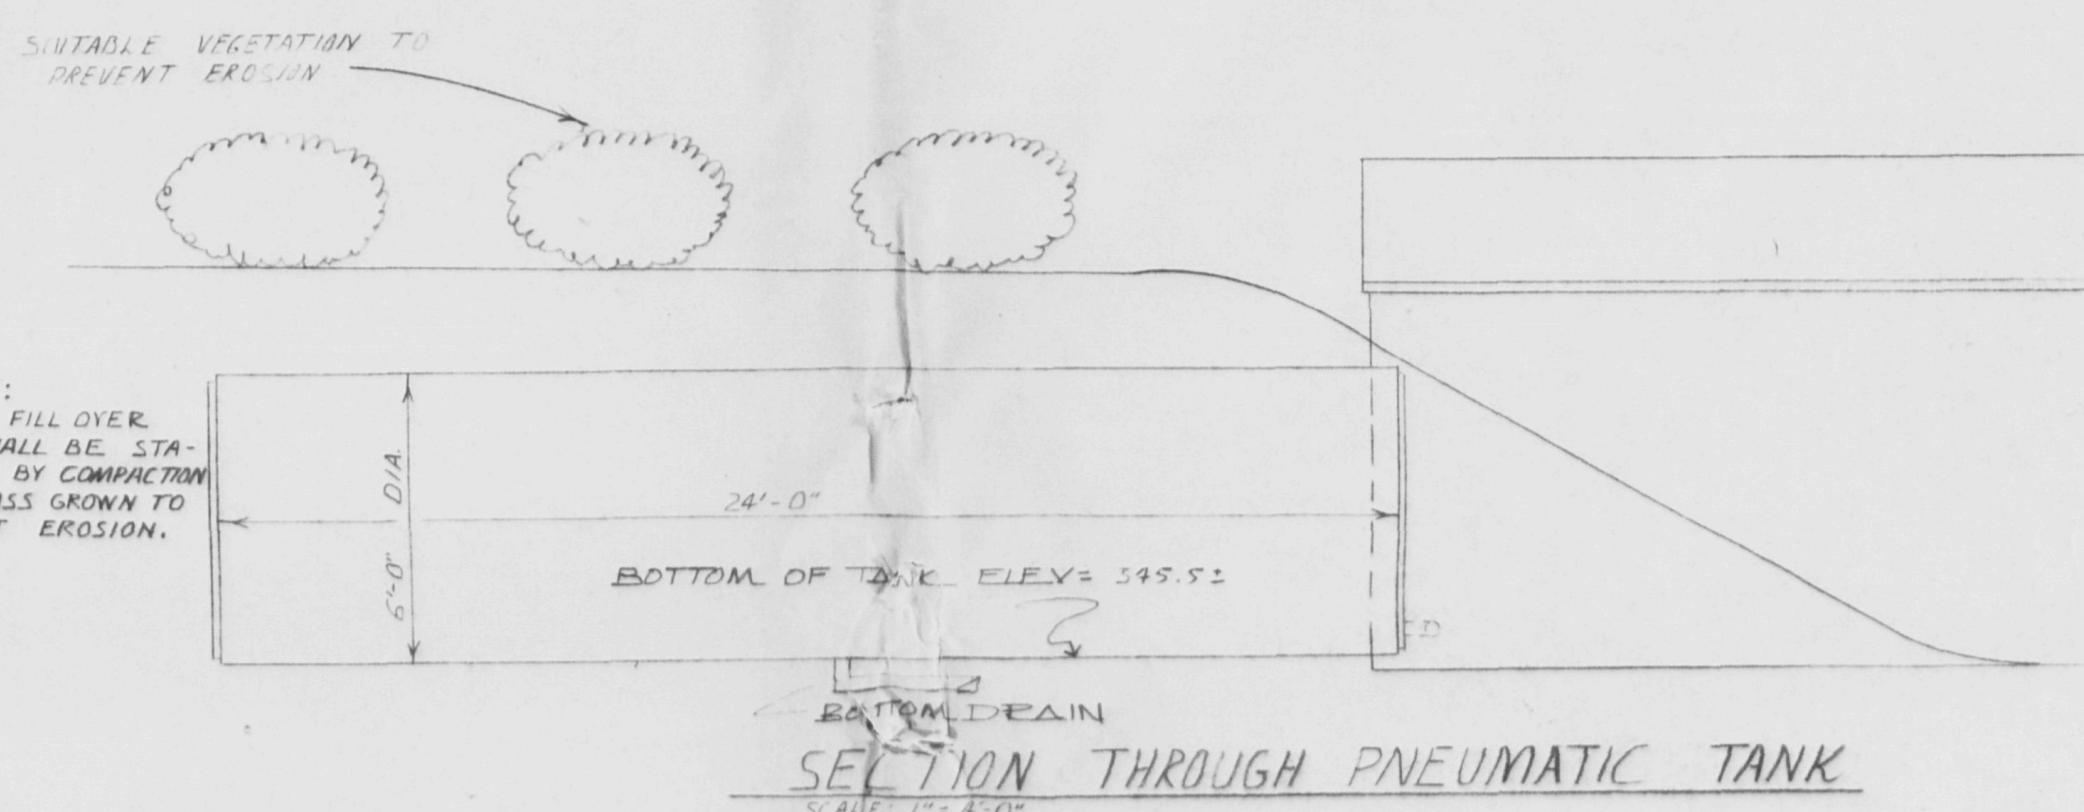

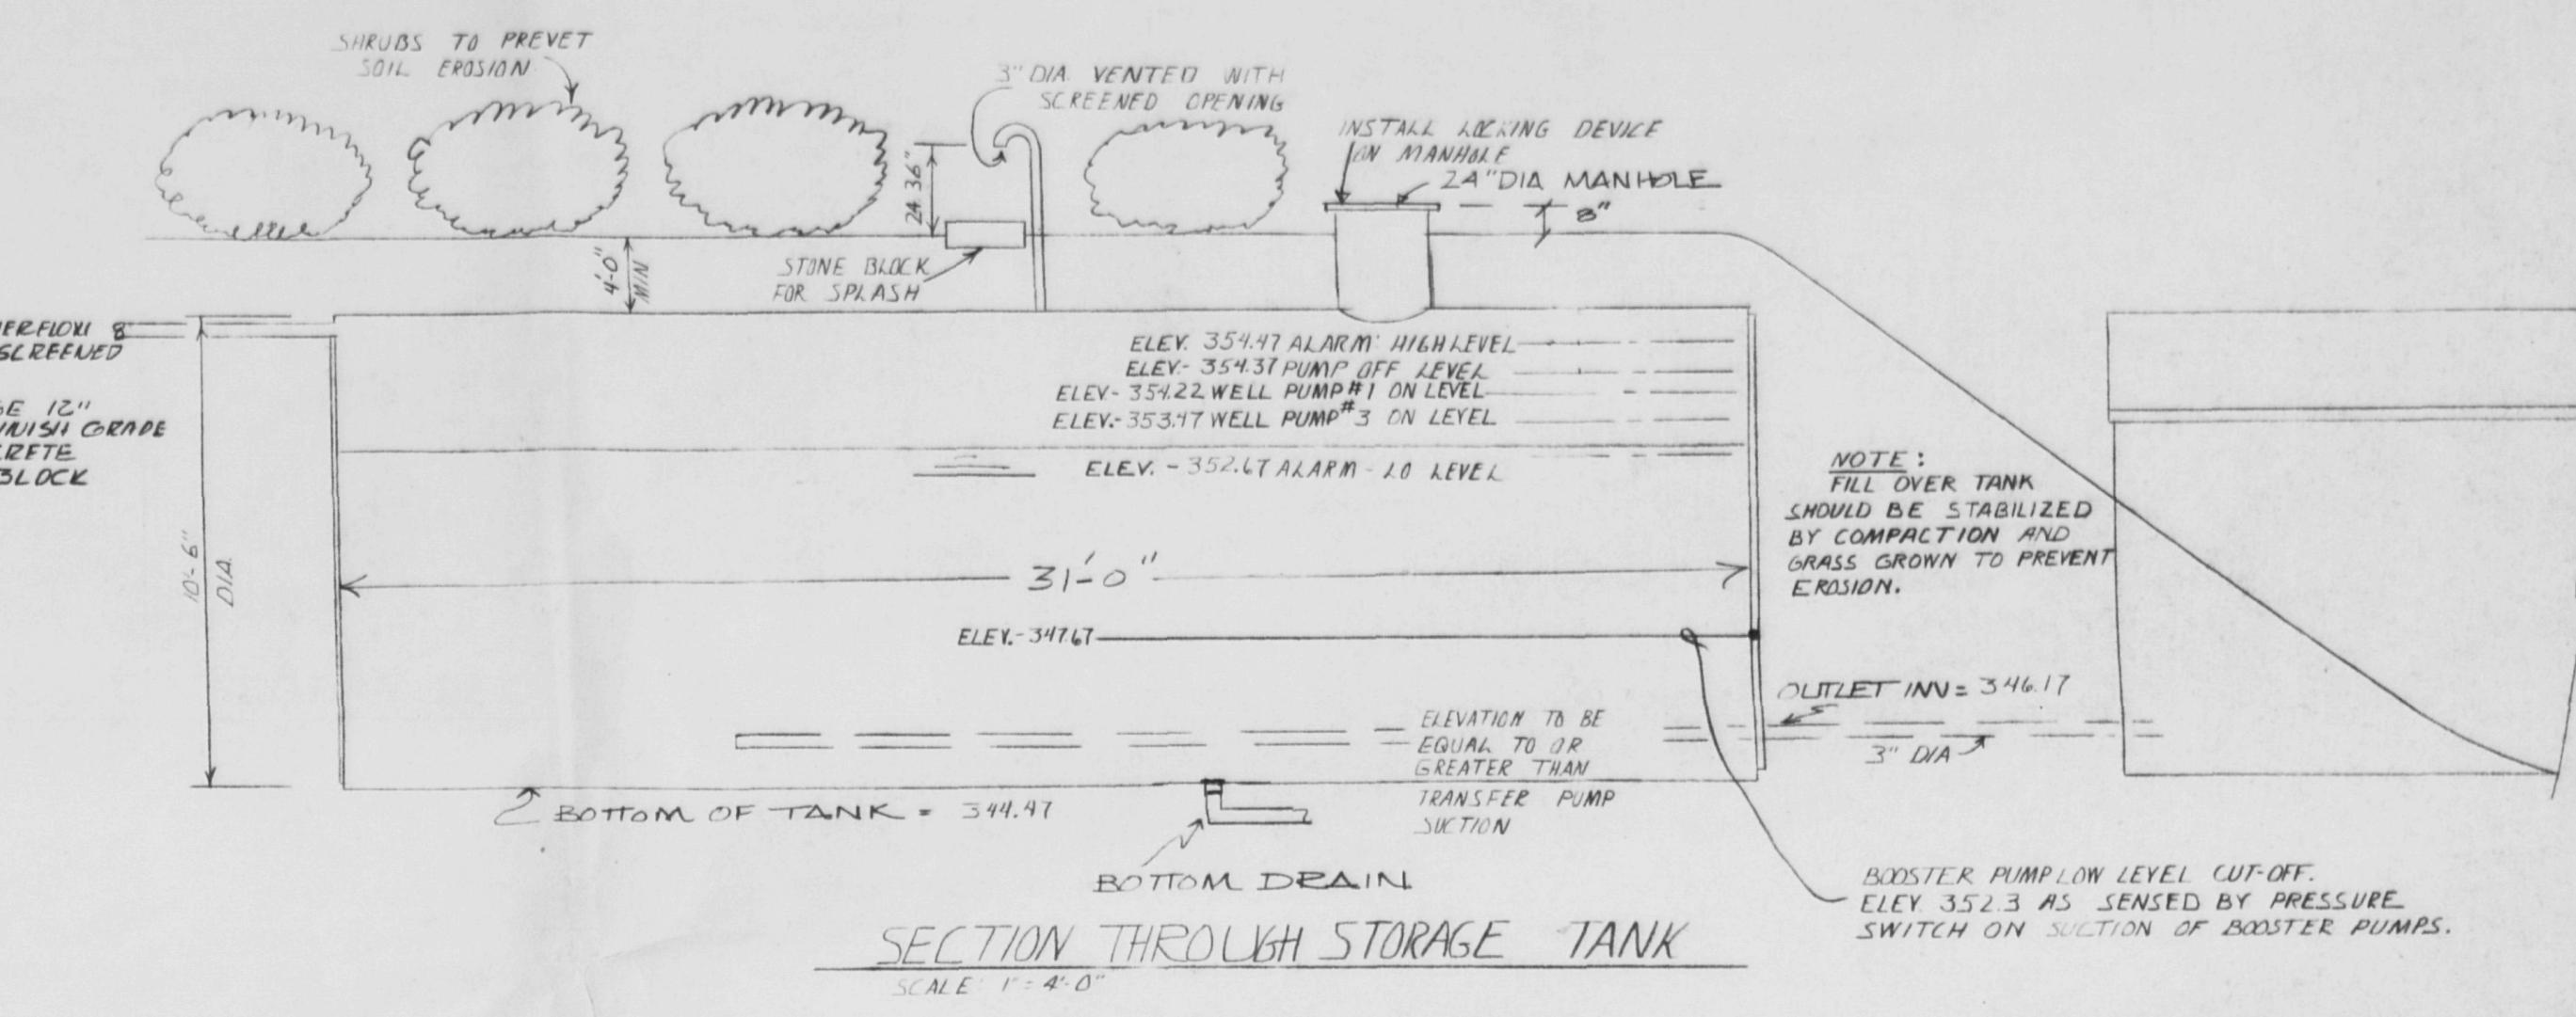

BUILDING SECTION A-A
SCALE: 1/2" = 1'-0"

PUMP HOUSE ELEVATION
SCALE: 1/2" = 1'-0"

NOTE:

IN AN EFFORT TO MAINTAIN A CONCENTRATION OF IRON IN THE 20,000 GALLON STORAGE TANK LESS THAN OR EQUAL TO 0.3 MG/L, DURING THE INITIAL FILLING, THE FOLLOWING QUANTITIES OF WATER SHALL BE USED FROM EACH WELL.

TOTAL TANK CAPACITY: 20,000 GAL.
WELL #1 = 16.7% = (20,000 x 0.167) = 3,340 GAL.
WELL #2 = (20,000 - 3,340) = 16,660 GAL.

INSTALLATION OF TANKS

1. BOTTOM OF EXCAVATION SHALL BE LEVEL AND FIRM.
2. 6"-12" CLEAN SAND TO BE PLACED PRIOR TO PLACEMENT OF TANKS.
3. TANK TO BE SURROUNDED WITH 6" MIN CLEAN SAND OR GRAVEL, HAND SHOVELLED & COMPACTION IN PLACE.
4. SADDLES OR CHOKES ARE NOT TO BE USED AS THEY INTERFERE WITH EVEN DISTRIBUTION OF PRESSURE.
5. TANK TO BE COVERED WITH 4'-0" MIN EARTH.
6. TANK IS NOT TO BE FILLED HIGHER THAN BACKFILL.
7. TANK TO BE DISINFECTED AS PER AWWA SPESS.
8. TANK TO BE PAINTED INSIDE WITH AN APPROVED COATING AS LISTED IN NYSDOH BPWS ENVIRONMENTAL HEALTH MANUAL.
